

VETERAN HOUSING SERVICES

Fighting Veteran Homelessness

The Supportive Services for Veteran Families (SSVF) program provides services to very low-income Veteran families. The program helps eligible homeless Veterans access safe, affordable housing while providing case management and supportive services. The SSVF program is one intervention available within a continuum of care supported by the Department of Veteran Affairs. This program uses short term, intensive case management to address a host of factors (limited income, unemployment, disability, mental health, somatic health, credit/budget issues, etc.) that affect veteran families' housing stability and links to the following services:

- Housing counseling
- Moving expenses
- Health care
- Daily living
- Personal financial planning
- Transportation assistance
- Fiduciary and payee services
- Legal services
- Childcare services
